Letter To The Editor

Dear Sir:

Having just completed another season as a basketball spectator, I would like to congratulate the Appomattox County School teams and coaches on the very fine season and above all the good sportsmanship always displayed. There were many victories in which to rejoice but I was equally as proud of the teams for their conduct in disappointment. Tournaments may have been lost but the players certainly won the support and respect of the fans.

Best of luck to those leaving the teams this year and to those returning, I am eagerly awaiting another season of good basketball.

Sincerely,
Miss Jacqueline L. Cobbs

Dear Editor:

The Spring Mills property has been sold and I want to thank the people of this area who have showed such kindness and cooperation to me while I have been a resident here. I leave with regret but with happy memories of the time I have spent here.

I have lived in many parts of the country but never in a friendlier place. Especially do I thank those who have helped me in establishing the museum at Spring Mills and who have contributed to it with donations and loans of exhibits.

There are several people whom I have not been able to contact about their donations. I am urging these people to call me before Thurs., Mar. 18 352-7725.

A special thank you to Mr. Lloyd Vaughan and the staff of the Times-Virginian and to Mr. Hierman Ginther of the Brookneal Union Star. And last, and not least, to the wonderful neighbors of the Spring Mills area.

Sincerely,
Mary E. Turner

Dear Mr. Editor:

I would like to talk some today about the March for Victory which will be held in Richmond on Sat., March 20, from 2 to 5 p.m. Dr. Carl McIntire of Collingswood, N.J., is the chairman of the National March for Victory which will be held in Washington on May 8, 1971, and he is sponsoring rallies in the capitals of all the 50 states for Sat., Mar. 20. If you are interested in our winning the War in Vietnam and bringing the prisoners of war home FIRST, then please plan to be in Richmond on March 20. Can you understand President Nixon's reasoning when he says we are winning the war by backing out of Vietnam, and the sooner we get out, the sooner will be the victory? We didn't win World War I by backing out of Germany. We didn't win World War II by backing out of Europe and out of the Pacific. We know we didn't win the Korean War by backing out of Korea, so will you please tell me how we can win this war by retreating all the way back to our own shores? Do you know how many thousands of American soldiers are still stationed in Korea, some twenty years after the fighting stopped?

Can you respect and honor a government which drafts its finest youth, sends them off to a foreign war, and then when they are captured is willing to forget all about them. There are some 1,600 men presumed to be prisoners of war, or missing, or dead, in North Vietnam. Some of these men have been prisoners for over six years. Their families don't know if they are dead or not. It is as though they had vanished off the face of the earth. How can our government pull its soldiers out of Vietnam without even any mention of the prisoners of war ever coming home? How can our government be so callous?

I am praying for the day we might have another Teddy Roosevelt in the White House. Can you imagine Teddy Roosevelt handling the Vietnam War as it is now being handled? Nixon knew in 1965 that the only way out of the war was to win it. Are we so cowed by the fear that Red China might enter the war that we will not entertain the word Victory? Why does Nixon flee from the word Victory? Has our nation turned out to be a nation of cowards? I don't think so, but no stream can rise above its source, and we need men in Washington like Douglas MacArthur who said, "There is no substitute for victory", who will lead us to victory.

Why is it that every soldier from a private up knows that we only have to mine Haipong harbor to stop some 85% of the war material from entering the war zone? My personal opinion is that if we mined that harbor and flooded a few rice fields the Hanoi delegation in Paris would be more than willing to talk about peace. Why does Nixon hold back our military men? Why lose when you can win?

The Peaceniks will be out in force in April when they have marches in Washington and San Francisco planned. They are not protesting our running out on the 1,600 prisoners of war in North Vietnam – they are protesting our position in trying to keep Southeast Asia from becoming the slaves of Godless communism. They pretend to protest our boys being killed, but they do not show any consideration for human life unless it is a communist life. Did you know that 65,000 babies were killed in six months in New York City – the first six months of the legalized abortion law? They don't raise an eye at this wholesale murder. But when four people were killed at Kent State University, the whole world knew about it – especially the communist world. The report is out now that more babies are being put to death – legal abortion – in New York than are being born. If this keeps up we will not have to worry about a population explosion or overcrowded schools.

Do you believe in the Triune God? Do you think the God who rained fire down upon Sodom and Gomorra will withhold His hand in judgment against America? God has blessed this nation as no other nation under the heavens, I think, but the Bible says that God is angry with the wicked every day, and since God is no respecter of people, I feel that this nation must come to God in repentance, or feel His judgment.

As a final thing, Mr. Editor – I would like to encourage people everywhere to listen to Carl McIntire five days a week over radio station WKLV, 1450 kc's, from 9:30 to 10 a.m. Also, listen to Oliver Greene and the Gospel Hour five days a week, 10-10:30 a.m., and from 9:30 - 10 a.m. on Saturdays and Sundays, on WBRG radio, 1050 kc's. Sunday night you can hear John W. Rawlings and the Landmark Hour over radio station WBT Charlotte, N.C., from 9 p.m. to 10 p.m., around 700 kc's. These are fundamental, Bible believing preachers, and if you like good, strong preaching, tune in to them.

Don't forget the March for Victory in Vietnam in Richmond on Saturday, March 20, 2 to 5 p.m. Don't turn your back on our prisoners of war. Have faith in God.

Yours truly,
William C. Hubbard

F.B.L. A CLUB MEETING

The Future Business Leaders of America met in the high school auditorium on Feb. 18, 1971, to hold their monthly meeting.

President, David Tyree, called the meeting to order which was followed by devotions presented by Diane Smith. The meeting was then turned over to Mary Nell Doss, who introduced our guest speakers.

Mr. Tom Elder, D.E. & I.C.T. instructor at ACHS, gave us an interesting and informative speech on the importance of application forms.

Some boys from the FFA departments then presented us with an entertaining demonstration on parliamentary procedure while Gary Thomas, President of F.F.A., gave a speech on the same subject.

We would like to extend our gratification to Mr. Elder and these boys for presenting us with a different and interesting meeting.

Kite Flying Safety

". . . Stormy March has come at last,
With wind, and cloud, and changing skies . . ."

William Cullen Bryant

Yes, the "windy month" is here. The time of year when kites and kids go hand in hand. Yet even kite flying, one of the happiest pastimes for youngsters has rules to be observed to make it safe.

Virginia Electric and Power Company has suggestions for its Kite Flying Friends:

1. Always use dry string . . . not wire or anything metallic.
2. Always use wood and paper in your kite . . . not wire or metal.
3. Always fly your kite on days when there is no rain.
4. Always avoid busy streets and highways while flying your kite.
5. Always fly your kite far from T.V. and radio aerials.
6. Always call your power company if your kite gets snagged in a power line. Do not pull the string or climb power poles.
7. Always keep away from fallen wires.
8. Always fly your kite far from telephone or electric wires.

Vepco recently distributed 10,000 posters to schools in the company's service area reminding youngsters of these rules.

Model airplane flying presents another potential hazard. Vepco has these additional suggestions for enthusiasts of this hobby:

1. Pick a safe place for your take-off and flight.
2. Always be sure the area is clear of people.
3. Always fly your airplane a safe distance from trees and telephone or electric lines.

Vepco Files Rate Increase

Virginia Electric and Power Company has filed with the Federal Power Commission at Washington, D.C. for a rate increase to its wholesale purchasers of electricity in the area Vepco serves in Virginia and North Carolina.

T. Justin Moore Jr., president of Vepco, said, "Due to sharply rising costs, we are forced to seek rate relief from the 21 municipalities, 19 electric cooperatives and one private utility which we supply. Coal costs, including freight, have gone up 40 cent during the year and was a major factor in the increase in fuel expense of $17.2 million."

Vepco has reached a settlement agreement of a 9.24 per cent rate increase with all cooperatives involved. Vepco reported that it has reached verbal agreement with some of the municipalities in Virginia and North Carolina on the 9.24 per cent increase. This agreement would be retroactive to July 1, 1970.

Revenue to be paid by the municipalities and cooperatives for the retroactive billing from July to December, 1970, plus the January to March, 1971 incremental billing, is estimated at approximately $751,543 in Virginia and approximately $558,576 in North Carolina during the same period. These amounts will be paid by the municipalities in both states in 12 payments and by cooperatives in 6 payments.
